style.css (CSS File)

❖ Purpose

Controls design, layout, colors, and responsiveness of the website.

❖ Global Styles

```
body {  
    margin: 0;  
    font-family: "Segoe UI", sans-serif;  
}
```

- Removes default margin
- Sets font and background color

❖ Navbar Styling

```
.navbar {  
    display: flex;  
    justify-content: space-between;  
}  

- Flexbox aligns:
  - Links on left
  - Company name on right

```

❖ Hero Section

- Centers text
- Adds spacing
- Used for home page heading

❖ Cards / Services Section

```
.card-section {  
    display: flex;  
}
```

- Flexbox used for service cards
- Cards are responsive

❖ About Page Layout

```
.about-grid {
  display: grid;
}
```

- Grid layout for About page content
- Improves alignment and readability

❖ Contact Form Styling

- Centers the form
- Adds padding and borders
- Button styled for professional look

❖ Footer Styling

- Dark background
- Centered text
- Same footer on all pages

❖ Responsive Design

```
@media (max-width: 768px)
```

- Adjusts layout for mobile screens
- Cards stack vertically

- Screenshots

1.index.html(Home Page)

The screenshot shows the homepage of Tech Solutions Technology. At the top is a dark header bar with the company name in teal and links for Home, About, and Contact. The main content area has a light gray background. It features a large title 'Tech Solutions Technology' in bold teal, followed by a subtitle 'We build reliable and scalable digital products' in smaller black text. Below this are three service cards, each with a teal border and a small icon: 'Web Development' (web browser icon), 'Software Solutions' (server icon), and 'IT Consulting' (computer monitor icon). The footer is a dark bar with white text, including the copyright notice '© 2025 Tech Solutions Technology. All Rights Reserved.'
